Tom Reed, of Pines, has purchased the lots owned by John Snyder, in upper town and will erect a handsome home thereon just as soon as lumber can be placed on the land.

The asylum board met Tuesday with James Bell and J. A. Parker in attendance. The routine work of the session such as allowing bills, etc., was gone through with. The board adjourned to meet in July.

E. R. McElwain has rented the Jack Adams place in the Pittwood section and moved to that locality yesterday. He will be employed on the work of building the big flume of the Orofino Log and Timber Company during the summer.

The fishing season is now opened, and the local disciples of Isaac Walton are now seen every sunny afternoon along the river banks enjoying this favorite pastime. Frank Edmondson is one of the lucky ones and has landed some fine trout during the past week.

The Methodist organization in Orofino contemplates the erection of a new church building on the corner of College avenue and "B" street. They will dispose of the present building on Johnson Avenue, the same being more valuable for commercial purposes than otherwise.

The Rev. N. H. Beach, of Clarkston, the state evangelist for Idaho, for the Christian denomination, was a visitor here this week. He urged upon his members the need of a church building at this point and the majority were with him in the matter. Others in the church, however persuaded him that the opportune time had not arrived for building, so the matter has been dropped for the present.

### Will Assess East Side.

John Lewis left Monday morning for Abakka, where he will begin his work of assessing Abakka, Dent and Orofino precincts. No better selection for this work could have been made than Mr. Lewis, who is thoroughly acquainted with the country, the people and conditions generally.

When you come to Lewiston be sure and stop at the **BOLLINGER**. Forty new rooms have been added and our prices are the most reasonable in town.

### Now at Work on the North Fork Road

Superintendent Hamilton has a force of men at work now on the North Fork wagon road, cleaning out the rock and debris in the part of the road completed last year. Mr. Hamilton expects to put 25 men to work just as soon as conditions warrant and an effort will be made to push this road into the interior as far as possible this year.

### Hammond-Rawlaid.

Fred Hammond and Mrs. Hattie Rawland were quietly married last Wednesday at ten o'clock, at the home of Mrs. C. C. Smith on Johnson avenue. Only the immediate relatives and witnesses were present. The happy couple left Thursday for Mr. Hammond's ranch north of town where they will reside. The Tribune extends congratulations and best wishes.

### Hilton Gets More Room.

Robert Carson has added another room to the building occupied by E. H. Hilton, the Druggist. This change was made to meet the demands of Mr. Hilton's growing drug business. Starting in a small way Mr. Hilton has, by careful management, built up a prosperous business and intends to meet every demand of the trade as fast as it becomes apparent.

### J. M. DeCoursey Sells Property

J. M. DeCoursey disposed of his property at the corner of Johnson and First streets this week to J. S. Burnes, of Lewiston. The property has a frontage of 49 feet on Johnson and 100 feet on First. The purchase price, \$2500, establishes a new record for Orofino real-estate on Johnson avenue, being \$51 a foot front. Mr. Burnes, the purchaser, resides in Lewiston, and further showed his faith in our future by purchasing several lots in the Day Addition. Mr. Burnes has investments in different parts of the United States and considers Orofino one of the best ever for investments. Mr. DeCoursey will re-invest his money here, and plans to build a residence this fall in the Day Addition.

### City Council Grants Farmers' Telephone Co. Permission to Enter City

The village board, at an informal meeting Monday afternoon, granted the Farmers' Telephone Company permission to enter the city and establish a central at the Hotel Orofino. This phone line will connect with the Nez Perce Co-operative at Nez Perce and give a through service to Lewiston. The Nez Perce Co-operative is building a through line to Lewiston, for through business only, and the farmers of the prairie are planning to build a line from Nez Perce to Orofino, independent of the party lines now in operation. This line will give an immediate service. More than 1000 phones are now within touch by this new connection. Doc Monroe and A. S. Kirkwood represented the farmer lines in petitioning the council for entrance into the city.

### Interest Earned By State Money

The interest accruing from the use of the public funds for the month of March 1910, as footed up by State Treasurer C. A. Hastings today aggregates \$374-75. This giving a total of \$13,244-79 for the quarter and a total of \$91,009-04 for the 39 months of the present incumbent's administration of the affairs of the affairs of the treasurer's office. Drawing interest at the rate of 3 1/2 per cent per annum, the number of depository banks reached the record breaking mark during the month of March having increased from 33 banks in number when Mr. Hastings first entered office to the present number entailing an unknown amount of additional bookkeeping. The statement of the condition of the office at the close of business for the month, which is also the close of the first quarter of 1910, shows the following items of interest:
