Mrs. Hegase Departee and children arrived Tuesday from a visit with relatives at Lapwai.

The Ladies Altar society will meet at the home of Mrs. Zimmerman on Tuesday, the 26th. Everybody invited.

The firm of DeCoursey and Walrath sold the lot on College Avenue, owned by H. C. Wurman, of Spokane, to John Misa for \$175.00.

### Village Council Holds Regular Meeting.

The village council held its regular monthly meeting last Monday night with all members present. The usual routine, such as alleging bills and reading petitions and memorials was gone through with. A petition from the Orofino and Russel Cooperative Telephone company, asking for a right to erect poles and string wires in connection with the Hotel Orofino, was read and ordered sent back to the organization for correction. The wording of the petition, where it refers to the carrying on of telephonic communication between the subscribers to the service and the people of Orofino through the Hotel Orofino was deemed to be broad and likely to carry with it a hidden right to put up poles and string wires by citizens to mail office in Hotel Orofino. The council taking the ground, as at its informal meeting, that the outside company could enter the village and establish an office but could not put in a central or wire the town for business. It is not known what action will be taken by the Orofino-Russel company in the matter, but those in close touch with the officials of the company state that legal steps will be taken to compel the village authorities to allow the placing of an office here, and that the right is granted to those who ever desire, to connect by private wire with the said office. The mayor appointed a committee of two composed of W. M. Postman and A. E. Holmberg to look into the advisability of bonding the town, with a view of taking up the outstanding warrants and place the town on a cash basis. The following bills were read and warrants ordered drawn in payment: H. L. Smith, blacksmithing, \$9.20; W. C. Foreman, printing, \$18.40; Rent for hall, to I. O. O. F. Lodge, \$6.00; Dan Delaney, salary as marshal and killing of dogs, \$19.00.

### Judge Moody to Sell Harness Business.

Judge Moody, our oldest time merchant, has decided to sell his harness and leather business and retire from this branch of trade. Edward Donath, of Stites, will take over the stock, and the trade only awaits the sanction of the wholesale houses interested. Mr. Donath, the purchaser, is a practical harness maker, and will move the present stock into the Smith building for the present. He will enlarge the present stock and in other ways bring it up to a first class standard. Mr. Donath will buy and build later, having faith in our future. Mr. Moody will still reside in town, maintaining his justice of the peace and notary business.

### New Using Flume.

The Orofino Electric Company is now using its new log flume recently built to bring down the logs from the upper plateau, where the company recently purchased 1,000,000 feet of timber. People living in upper towns have had considerable diversion watching the logs come shooting down the 1400 foot slide. More than 200 were brought down last week without a single mishap. Some of these logs were four feet through, while others were nothing more than poles. The logs brought down so far demonstrate the efficiency of this mode of handling timber from the high table lands surrounding the valley. Mr. Ringelhorn, manager of the Electric company states that a new plunger weighing 6500 pounds will shortly arrive and be installed in the plant, and that the company will enter actively into the manufacture of all classes of lumber for the market.

### Commissioners Proceedings

#### Orofino Trading Company Secures Contract to Supply Powder for North Fork Road.

The bids for supplying the county with a ton of dynamite to be used in the construction of the North Fork road were opened yesterday and the contract for supplying the same was awarded to the Orofino Trading company, the consideration being \$325. This company's bid was 15 1/2 cents for 1000 pounds of No. 2 dynamite and 15 1/2 cents for 2000 pounds of No. 1 dynamite. The Wellman-McRoberts company, of Orofino, submitted a bid of 16 cents for the number 2 powder and 18 cents for the number 1.

The application of County Auditor W. L. Gifford for an additional deputy at \$25 per month until the close of his term of office in January was allowed. Mr. Gifford submitted a comparative statement showing the increase in business in the office during the past year and with a primary election and general election to be held during the fall the petition for additional clerical assistance was allowed.

The fiscal year in the auditor's office was closed last Saturday and the books show that the fees collected during the past year amounted to \$17,738.12 as compared to \$10,446.72 for the year preceding. The salary account last year was \$8,243 as compared with \$8,130 for the year 1909-9. The fees collected by the clerk of the court during the year, and included in the above amount, were \$2737.02 as compared to \$1664.47 for the preceding year. The work of the office for the past two years has been such as to become congested at times but assistance in relieving the situation has been secured from Clerk of the Court Monsteth and Clerk of the Board of County Commissioners Daggett. He explained that both of these departments were now occupying all of the time of the deputies assigned to those duties and the office work could not be kept up without additional assistance. The matter was brought to the attention of District Judge Steele about six weeks ago and an order was made authorizing Auditor Gifford to secure an extra deputy until the meeting of the commissioners. J. M. Malloy was selected for the position and his services will be continued under the order made yesterday.

### Concrete Plant Now Busy.

The Orofino concrete plant has been busy during the past month turning out cement blocks and bricks for the building boom now under way. The company recently secured the contract for furnishing the blocks for the residence to be erected by Mrs. C. C. Smith at the head of Johnson avenue on Third street. The company now has on hand 3,000 blocks 8x8 by 16. A new Helm brick and block machine will be here the coming week, also a beam saw machine for making sidewalk tile and an automatic machine for manufacturing fancy brick for decorative purposes. A. L. Campbell has been added to the firm, which is now known as the Orofino Cement Block Company.

### Buyer Nez Perce Land.

R. L. Davidson, a recent arrival from Twin Falls, purchased the Dillon place this week and will shortly move his family here to reside. Mr. Davidson has been employed with the big irrigation company at Twin Falls for a number of years, but says he can buy better land here in Nez Perce county for from \$45 to \$50 per acre than in the irrigated districts of the south for from \$50 to \$70 per acre, hence his purchase here. This sale was negotiated by the real estate firm of DeCoursey & Walrath.

### Orofino Log & Timber Co. Starts Work

Work was started this week on the big flume to be built by the Orofino Log & Timber Co. Contractor Parlin has six men employed and others will be sent out as soon as they can be secured. It is estimated that this work can be completed under favorable circumstances by June 1st. The company has a force of men at work cutting cordwood and getting out timber and logs for delivery when the flume is in readiness for business.

### Commercial Club Meeting.

A meeting of the Commercial Club will be held Saturday at 8 p. m. All are requested to be present as important business is to come before the club. Businessman, Chairman.

**WILL NOT SEE POPE  
ROOSEVELT REFUSED TO BE  
DICTATED TO.**

His Holiness thought he had secured a precedent for his refusal to see the pope. It was pointed out to him that the pope's refusal to see Roosevelt was not a precedent for the pope's refusal to see Roosevelt.

He said that he would not see the pope. He is seeking to establish a precedent which will serve as a guide for the conduct of all future American presentations. His holiness sought to impose upon the distinguished ex-president limitations for his behavior while in Rome, to which, as an Ambassador, he would not submit.

As an American Catholic, I am bound to say that in my opinion there was no more regrettable act in the world as regards the pope's proposal with the conditions he attached thereto than the only possible action he could have taken.

The failure to arrange an audience between ex-President Roosevelt and the pope which was known only in certain circles, is expected to create a tremendous stir here, as well as abroad, far overlooking the importance of the incident in which former Vice President Fairbanks was the principal.

Mr. Roosevelt particularly desired that the incident of annulling the call of the pope shall be regarded by his friends, both Catholic and Protestant, in America, as something that should not give rise to a acrimonious controversy.

It was entirely natural that Colonel Roosevelt, because of his own independence in religious views, because of his cordial relations with so many Catholics and because of the respect he entertains for the good and holy pontiff who presides over the Catholic church, that he should seek from Gondokoro, on opportunity to meet him. He accordingly wrote to Ambassador Lashman at Rome in regard to an audience with the king of Italy, and saying that he would be happy also to be presented to the pope.

At the same time he announced that he would not see the pope. He is seeking to establish a precedent which will serve as a guide for the conduct of all future American presentations. His holiness sought to impose upon the distinguished ex-president limitations for his behavior while in Rome, to which, as an Ambassador, he would not submit.

**EULOGIZE CUSHMAN  
HOUSE OF CONGRESS PRAISED  
LATE CONGRESSMAN.**

Representative From Washington Had Great Many Friends in Congress—Humphrey Had Charge of Ceremonies—Speaker Cannon Paid Glowing Tribute to Life of Cushman.

Washington.—The house devoted itself Saturday to eulogizing the late Representative Frank Cushman of Washington. The speaker included a number of prominent members and the eulogies were impressive.

Representative Humphrey had charge of the affair and introduced resolutions of sympathy and regard, which were adopted. He presided over the house after delivering a speech.

One of the principal speakers was Representative McClellin. Mr. Cushman's success in the house was well known to all.

Representative Poindexter of Washington said, among other things: "The chief characteristic of Mr. Cushman was his devotion to his friends. He would do anything for them. He had the faculty of concentrating all his intellectual powers upon any subject he took up. The efforts of his labors will be felt for many years."

Other members who delivered eulogies were Representatives Payne and O'Connell of New York, Underwood of Alabama, Morrison of Michigan, England and Townsend of Michigan, English and Knowland of California, Lowden and Bostelle of Illinois, Clarke of Missouri, Stevens of Minnesota, Wagner of Pennsylvania, Adams of Georgia, and DeLoach of Wisconsin.

Cannon's Tributes.—In the solemnity of a service in memory of a departed colleague, Speaker Cannon talked of the trials met by public men in dealing with popular opinion and speaking upon the mysteries of the hereafter.

"The speaker had given no intimation that he would deliver an eulogy. He had not prepared any set speech. His eulogy was spontaneous and original, and it was one of the best ever heard in the house."

"Mr. Cushman," he said, "was of all men he had ever known, the most independent of spirit and the most devoted to his constituency. It was frequently said that he resembled Lincoln. He did. I was acquainted with Mr. Lincoln. He had a hobby much like Mr. Lincoln's."

**"St. Elmo."**

Commencing with the matinee Sunday at the Spokane theater, D. S. Lawrence and his associates appeared in the first production in Spokane of "St. Elmo." It is a story of the redemption of a man through the influence of a lip of a girl. St. Elmo Murray is the central character in the piece. Mr. Lawrence will assume the role.

We have just received a shipment of the well known Cohen & Freidlanders RED FERN line of Ladies' Tailor Made Suits, 1910 models. An inspection of same will convince they are right-up-to-the minute for style and prices; better than you can get elsewhere.

Say, Mr. Man, when you get your new Hat, why not get a GORDON. Everyone knows the GORDON. We sell them at the same price that other merchants get for their common makes. We also carry the STETSON. We are exclusive agents for the GORDON HAT. Everyone made of Genuine Belgium. Hare fur.
