### Orofino Isolated.

Orofino is again isolated. This is the seventh day since mail has been brought into the town from the outside world. This condition was brought about through the condition of the road bed of the Clearwater Short Line, where recent storms have caused slides in the vicinity of Myrtle, of such magnitude as to stop all traffic for many days to come. Who is to fault for the non-arrival of mail cannot be learned at present. Telephone communication with Postmaster McRae, of Lewiston, reveals the fact that no orders have yet been received by him to forward Orofino mail by way of Grangeville and Stites. If this had been done on the day following the slides, Orofino could have enjoyed an uninterrupted service during the past four days at least. We understand that Postmaster Parker telephoned Chief Mail Clerk Ewell, of Spokane, some days ago that the Grangeville-Stites route was open and requested that Orofino mail be routed this way. Why it has not been done is yet a matter of mystery. Postmaster McElroy telephoned the Tribune last night that he would immediately forward all Orofino mail in his office by way of Grangeville and Stites, so it is presumed this line will be working by Monday at least. We have informed the Secretary Ogden of the commercial club, receiving a telegram this morning in answer to one we sent last night, to the effect that the letter mail would now be routed by the way of Roberts and Lenore and if this is the case we are likely to receive mail by tomorrow's train.

### Cement Company takes up Bartlett Option.

C. A. Reid, vice president of the Union Fuel & Ice company, of Spokane, visited Orofino this week on business connected with the closing of the options on the various properties to be included in the deal for the establishment of a large cement plant at this point. The option on the Bartlett property of 160 acres, lying northeast of town was taken up and \$300 paid thereon. Mr. Bartlett retains a lease on the property until January 1st, 1911, subject to a ninety-nine days option of the company for his removal. While nothing definite could be gained as to the immediate plans of the company for the future, the Tribune feels confident that, with the purchase of this property, the initial step to establishing one of the largest cement plants in the world here in Orofino has been taken. Many obstacles remain to be overcome before the expenditure of millions, necessary in the construction of the plant, can be gotten under way, but the high character of Mr. Reid and his associates in the financial world, should be an assurance that this vast project now started, will at a future date be pushed to completion.

County Commissioner Ballock left this morning for Lewiston, where he will, in company with Commissioners Wing and Davis, canvass the election returns as corrected to date.

### Notice to Contractors.

Notice is hereby given that sealed bids will be received for the work required for the construction of Albert Smith's house in road district No. 13 and go up to the 16th day of April 1910 at 3 o'clock P. M. at which time the said bids will be opened and contracts awarded to the lowest bidder and contractor awarded to the lowest bidder. All work to be done according to plans and specifications on file in this office. Each proposal must be accompanied by a certified check for five per cent. of its amount, payable to the Board of County Commissioners of Nez Perce County, Idaho, which shall be forfeited to the county if the bidder refuses or neglects to enter into a written contract for the work as per terms of his proposal. Successful bidder will furnish labor and material and amount of his bid, or deposit certified check in 50 per cent. of contract price for completion of contract according to plans and specifications. Each proposal will be rejected in the event the work will be completed, except in the vicinity of \$10.00 per day for each and every day thereafter that the work remains uncompleted. The right to reject any or all bids is reserved by the Board of County Commissioners.

By order of the Board of County Commissioners, Nez Perce County, Idaho.  
W. L. GIFFORD,  
Clerk.

By W. E. DAGGETT,  
Deputy.  
Dated at Lewiston, Idaho, March 16th, 1910.

### Enlarge Cement Plant.

The Orofino Cement Block company, organized last year, has decided to enlarge the present plant and in pursuance to this plan has ordered from Traverse City, Michigan, a Helm Cement Brick and Block machine, with a capacity of 1000 blocks or 10,000 bricks. This machine has a pressure of 30,000 pounds to the square inch. The firm has a contract for building the basement to the Samson Snyder building on Michigan avenue. This basement will be eight feet deep. A car of cement has been ordered by the firm which has much other work in prospect. The yardage has been increased and a full crew will be put on immediately to meet the growing demand for this product.

### Horse gets Shock.

A horse belonging to James DeConcsey was knocked down from a shock received from coming in contact with a gay wire to which he was hitched in front of the DeConcsey building last Saturday. It is presumed the wire became charged during the thunderstorm of the afternoon, and the horse being hitched to the wire, struck his head against it with the above result. While attempting to extricate the horse Mr. DeConcsey came into contact with the wire and received a severe shock. The horse recovered in a few moments and was not seriously hurt by the occurrence.

J. M. Bartlett, who disposed of his ranch this week to the cement syndicate, purchased lots yesterday of the Orofino Improvement Company, and will immediately erect a handsome, two-story, eight room brick residence. The structure will be erected near Jones' home, on a commanding site, and will be one of the finest in the city.

# STRIKEFORCES GROW

## SITUATION IN PHILADELPHIA IS GETTING WORSE.

Carmen's Strike Augmented by Nearly 150,000 Other Unionists of the City—Labor People Issue Statement of Public Giving Their Reasons for This Fight—Company Will Not Arbitrate.

Philadelphia, March 7.—The calm of the quiet day Philadelphia has known since the Carmen's strike began, more than two weeks ago, was broken Sunday night by reports of disturbances in which three persons were shot, one a girl; many union workers severely clubbed by the police and more than a score of arrests made.

The turbulence of the night came as an unwelcome shock to the hopes of the authorities that Sunday was to pass without serious disorders. This hope had been fostered by the day's peaceful aspect, which in itself had been surprising, as trouble was anticipated as a result of the general strike.

Statement by Strikers' Committee.

The strikers' committee of 10 has issued the following statement:

"The second day of the general strike finds labor's force militant, with nearly every organized worker on strike, and many unorganized workers.

"To those reported to have obeyed the strike proclamation thousands will be added Monday, who worked Saturday to protect the stock and property of their employers.

"The people are thoroughly aroused as to the meaning of this fight. They realize that it is a struggle between the corporate interests and human rights as guaranteed by the Constitution of the United States. Management of the railroads during the last 48 hours disclose the audaciousness and determination that prevails among the rank and file of the people, and clearly demonstrate the correctness of our position.

"Realizing that the fight has just begun, providing the corporation officials do not immediately settle their disputes with the Carmen or submit the same to arbitration, this committee is preparing for the complete organization of the entire city."

The strikers will hold a mass meeting tomorrow afternoon in Labor Lyceum, and the committee of 10 today reported the results of several important actions to the strikers' committee. Among those who, it is claimed, will do most work tomorrow are the carpet loom weavers, involving 6000 men; the glass workers, 1500; and shirt and laundry workers, 5000.

Conflicting Estimates.

Charles A. Hope, secretary of the Central Labor Union, predicted that 150,000 men will be out tomorrow, and that practically every important industry in Philadelphia will be tied up. The strikers' estimates of the number now on strike vary from 100,000 to 125,000.

Among the large employers of labor nearly all the performers in the moving picture shows and cheap vaudeville theaters voted this afternoon to accept no engagement until the strike is over. This action it is said, will result in closing many of these places of amusement.

Director of Public Safety Clay this afternoon issued an estimate of less than 20,000 persons in the sympathetic strike.

Among the large employers of labor not affected by the strike are the Baldwin Locomotive works, 11,000 men; Midvale Steel works, 6000 men; J. G. Brill Car company, 2800; J. H. Stevens Hat Manufacturing company, 4000; Donon's Saw works, 2500; Atlantic Electric company, 8000; Dohmen's Carpet mills, 1800. Other large employers of labor unaffected are the Bell Telephone company, the Philadelphia Electric company, Clay's dry goods, the Wilbur Chocolate company, Folwell Brothers & Co., and the Sanguin Silk Manufacturing company.

Among the concerns whose men walked out are the Paddock & Magie Textile company, 1000 men; the American Can company, 2000; John Blood & Co., bakery, 250; Doran Bros., textile, 220.

Coolly Proceeding.

It was stated by a city official that the strike is adding \$30,000 daily to the expense of running the city. A report of the transit company said that up to the day before the beginning of the walkout of the strikers, the total cost to the company had been between \$750,000 and \$800,000. An official asked how long the company could stand the expense, and "That is less than \$4,000,000." The company is ready and willing to spend several million, if necessary, to win out in this fight. It is a huge price to pay, but we have to pay it to retain the prestige of running the company and managing the property for the stockholders and the public."

Federal Bill Passed.

The new revenue bill was passed by the Senate by a vote of 50 to 20. We discuss by an older party.

## SPORTING NEWS ITEMS.

Ted Cox may pitch for Yale. Jim Jeffries refused an offer of \$10,000 for his match in Burbank, Cal., that he bought for \$15,000.

According to reports Alfredo E. S. A. C. Spokane, will be his resignation with the club directors on April 10.

Jack Johnson's fighting record is not particularly impressive as his police court record is strong enough to take your breath away.

The 1910 Spokane baseball team will train at Wenatchee, instead of Lewisburg, where the Indian tribe has been won to work off some arms and painful ligaments.

Owen Moran, the clever English featherweight, who lost the decision to Tommy Murphy in a close 20-round fight at Fresno last week, has signed to meet Tommy McCarthy the latter part of April.

Tommy Burns, erstwhile heavyweight pugilistic champion, is going to re-enter the ring. His first fight will be with Sam Langford, before the National Sporting club of London, according to Joe Woodward, Langford's manager.

Right flying machine cost about \$8,000 and Curtiss machines a little less. There are about 5,000 machines in this country that have been built and never left the ground. The principal cause of that is the inability to get engines.

The first of a series of matinee performances to be pulled off at the Indiana fair grounds, Spokane, under the direction of G. H. Gruber of that city will take place December 8, when \$1,000 will be split in the first event.

Fielder Jones, former manager of the Chicago White Sox, but now owner of extensive timber interests in Oregon, has signed to coach the baseball squad of the Oregon Agricultural college. Jones will begin work with the collegians the latter part of this month.

"After my fight with 'Cyclone' Johnny Thompson in San Francisco in April, I will be ready for a return fight with Ad Wolgast. I will make \$10,000 more and can not stop me in 20 rounds," Jones was quoted as having said recently by Battling Nelson.

Perhaps the most talked of Indian in the northwest today is Parson Metzger, the giant, versatile wrestler, who recently won a reputation and not a little admiration from sporting men of Peoria by going on the mat with Frank Gotch, world's champion, when the Jeffries all-star troupe appeared in an athletic exhibition.

Pete Terway, the running coach at the Y. M. C. A., easily won the hour running race at Y. M. C. A. Spokane Saturday, turning 144 laps for the evening to 139% for Jerry Beauchamp, his nearest competitor. Terway wins the track record with a total of 419% laps to 418 for Beauchamp. Ten runners competed.

Roster of Spokane's Northwestern league for 1910—Catching: Outfield, Clark, Brooks, Pearce, Wright; Pitchers: Smithson, Baker, Hickey, Tracy, Phillips, Killey, Collins, P. Brown, Barnes, Whisman, Melanic, Chaffin, McCloud, McGinn, Infeld; Noddy, Cartwright, Pendry, Flodin, Graville, Outfield: Kippert, Davis, Wood, Keener.

PLAN TO DRIVE LABOR MEN OUT OF POLITICS

New York Congressmen and Capitalists Said to Be Forming An Alliance.

Several New York capitalists and congressmen, who have been opposed in their districts for re-election by the American Federation of Labor, are reported to be behind a new organization formed for the purpose of driving the labor fastings from politics. The new organization will be called the National Labor Alliance.

One of the plans of the alliance, it was reported, was to provide campaign funds and speakers in each district where the election of a responsible non-socialist would be opposed. John H. Way, grand master of the Knights of Labor, is said to be interested in the move.

Change Apple Box Bill.

Representative McCord of Washington has introduced a bill intended as a substitute for the Larsen apple box bill, which provides that boxes used for shipping apples from Washington, Idaho and Oregon shall have inside dimensions 22 by 13 by 10½ inches, and that year boxes in those states shall measure 18 by 13½ by 8 inches.

Already at Posture.

Portland, Ore.—In view of business 50,000 and 75,000 people, who had just five miles out to the fringes, Charles E. Bissell, a Corvallis man, made "several successful" flights Sunday. The aviator maintained perfect control of his machine, though he attempted an especially difficult

## B. C. HAS SNOW SLIDE

### OVER 93 RAILROADERS DEAD NEAR ROGERS' PASS.

Avalanche 900 Feet Wide Sweeps Everything in Front of It—Stalled Passenger Train Goes Back to Calgary—Few Bodies Recovered—Men Were Working to Clear the Tracks.

Winnipeg, March 6.—Canadian Pacific officials report that 22 met death and that 14 injured were in the hospital as a result of the avalanche at Rogers pass, B. C., Friday night.

Another slide occurred on the banks of the Kicking Horse river near Palmer today. It buried the road to a depth of 900 feet to a depth of 35 feet. As soon as this slide is removed a westbound passenger train, stalled 25 miles east of Rogers pass, will be hauled back to Calgary and the passengers and mail shipped through to the Coast via Medicine Hat and the Crows Nest Pass railroad.

Another slide is reported from Three Valley, a small point west of Revelstoke. The slide is 200 feet long and 10 feet deep.

NAMES OF THE KNOWN VICTIMS.

Spokane, B. C., March 6.—Of the 93 Canadian Pacific trainmen, engineers and laborers buried by an avalanche in Rogers pass, on the summit of the Rocky mountains, all are probably dead. Following is a list of the victims:

R. J. Buckley, cooktops, W. Phillips, engineer, J. J. Fraser, roadmaster, T. Griffith, foreman, A. P. Pottruff, engineer, J. McClelland, bridgekeeper, A. Johnson, foreman, F. Anderson, foreman, F. Wenzelander, foreman, D. A. McDonald, bridgekeeper, M. Mahon, brakeman, O. Nisbitt, bridgekeeper.

Twelve of Bridge Foremen McDonald's men, names unknown, and 27 Japanese.

GOLY SWELL RECOVERED.

This afternoon the bodies of only seven men had been recovered. They were those of Headmaster Fraser, Firstman Griffith, Conductor Buckley, Enginner Phillips, A. P. Pottruff and A. Mahon and a Japanese. The work of recovering the dead and of opening the track is greatly impeded by a blizzard that is blowing through the pass. There was also another big slide of snow and rock this morning a mile east of the spot where the men were overwhelmed. It destroyed a portion of a snowshed and buried the track for 400 yards.

There were 1500 spectators watching the last avalanche. Today the eastbound train, stalled here at 2:15 as usual. Until the tracks had been cleared passenger traffic, east and westbound, will be handled via the Arrow Lakes, Nelson & Crows Nest railway.

Came With Noise Like Thunder.

The accident occurred near a snowshed one mile west of Rogers pass and at the actual summit of the Rockies. Conductor Vic Buckley and Engineer W. Phillips of the work train, headed by a rotary snow plow, were killed.

The men were a working crew engaged in clearing away a small slide which had come down early in the evening. The men were spread out over the slide and working a rotary engine over it when a larger slide came down and carried them to their death in the snow below.

At 12 o'clock the news reached Revelstoke. The freight was sounded and within half an hour the relief train, carrying physicians and surgeons and over 200 railway men and other citizens was speeding out to Rogers pass.

THIRTY BODIES TAKEN OUT.

Spokane, B. C., March 7.—Thirty bodies have been found in the wreckage of the train, where the avalanche buried the train engaged in clearing the Canadian Pacific line of wreckage brought down by an earlier slide. Twenty-two of the bodies recovered were those of white men, the other being the bodies of Japanese section men.

At 12 o'clock the news reached Revelstoke. The freight was sounded and within half an hour the relief train, carrying physicians and surgeons and over 200 railway men and other citizens was speeding out to Rogers pass.

TRAIL CANADIAN BENT.

Los Angeles—Canadian mounted police and the searchers working for \$4,500 reward, are scouring the California hills for Bill Heasly, a bandit, although, according to reports from Victoria, the outlaw has been dead for several months.

Bill's brother Dave, who is alleged to have participated in all of Bill's trail robberies, is held in custody by the police in Salt Lake City, was sentenced to two years for offering a document forged with the name of George Willoughby to the Eugene Savings company, Oregon.

SAUCHEM CLASH IN BERLIN.

Berlin, March 7.—Sauchem conflicts between the police and socialists, in which many were wounded, were the outcome of the most impressive open demonstration in Berlin and other cities of Prussia Sunday against the suffrage bill.

It is estimated that in Berlin alone 120,000 persons took part in what was called a "democratic strike" in various parts of the city.

## PACIFIC COAST NOTES.

Buffalo Attacks a Man.

San Francisco.—Attacked by a vicious bull buffalo, Mountaineer Blackie Black was saved from death by Nelson Norton, game warden at Golden Gate park, recently.

Buy Portland Streetcar Lines.

Portland.—Reports that James J. Hill and Great Northern interests will purchase the United Railways of Portland, which have been more or less in circulation ever since its road changed hands last fall, are now positively named.

Umatilla Waters Receds.

Pendleton.—Although Washington and Idaho suffered great disasters from the recent release of winter's grip, eastern Oregon emerged from the high waters with as loss of life and but little loss of property. Though the Umatilla river assumed threatening proportions, no serious damage is reported along its cap.

SEASIDE OPIUM ON BOAT.

Seattle.—Ninety-five pounds of opium were discovered in a line closet of the Great Northern steamship Minnetonka by customs officers. The opium weighs 50 pounds, and in the United States is valued at \$40 a pound, or \$2,000. Following the new statute, the opium will be destroyed by incineration.

TEACHERS TO MEET AT PENDLETON.

Pendleton.—Pendleton is to have the largest gathering of school teachers in its history, when the Island Empire Teachers' association convenes here March 22. Delegates from all districts in eastern Oregon, eastern Washington, Idaho and Montana will be in attendance for the sessions, which last four days.

ORION GIRL SUICIDES.

Dallas, Ore.—Making a noise of the swing on which she and her brothers and sisters played, Mary West, 15 years old, hanged herself to a tree near her home in the upper Salt creek. It is believed she committed suicide fearing that she will die of consumption as did her brothers and sisters when they had attained her age.

IMPERIAL VALLEY LAND.

Los Angeles.—Commissioner Dennis of the general land office in Washington has rendered a decision which practically confirms title in a majority of contested lands in Imperial valley. The decision at issue strips thousands of contestants and establishes security to the value of more than \$10,000,000 worth of property which was in jeopardy.

AEROPLANE FAULS.

Portland.—Several persons were severely injured at the Country club aviation meet, when the Wm. A. Smithson, amateur, became unmanageable as it was being started and plunged into a crowd of spectators, injuring four. The machine was partially wrecked. Smithson was not injured.

ACCUSED OF EMBEZZLEMENT.

San Francisco.—After 15 years in the service of the company in which he had begun as an office boy and had worked his way to a position of responsibility, Bartholomew H. Foley, 20 years old, cashier of the Pacific States Telephone and Telegraph company, is under arrest charged with embezzlement. He is accused of having stolen \$5,100 of the corporation's money.

GETS FORGERY SENTENCE.

Vancouver, B. C.—Charles H. Chapman, alias Campbell, most recently a real estate agent at Tacoma, who told the court that he had been in his time president of a carbuncle company, sawmills, saw and lumberman, but had in addition to his business trouble, was accused of having forged with the name of George Willoughby to the Eugene Savings company, Oregon.

TRAIL CANADIAN BENT.

Los Angeles—Canadian mounted police and the searchers working for \$4,500 reward, are scouring the California hills for Bill Heasly, a bandit, although, according to reports from Victoria, the outlaw has been dead for several months.

PRESIDENT DIAZ RECEIVES H. L. WILSON

Former Spokane Man, New Ambassador to Mexico, Formally Presented.

Mexico City.—President Diaz received Henry Lane Wilson, who succeeds David Thompson as United States ambassador to Mexico, at the national palace Saturday. The new ambassador was escorted by a squad of cavalry to the gates of the doors of which the party engaged in a double file of officers in full dress uniform. Mr. Wilson is presenting his credentials said in part:

"Mr. President: I shall confidently rely upon your excellency's benevolent co-operation in the solution of all questions that may arise and I shall hope to be a faithful interpreter of the views of the Mexican government, as well as an advocate of those of my own country."

General Diaz, replying, said: "It is pleasant to hear the friendly sentiment of the magistrates toward us and shabby toward the Mexican nation. Mr. Ambassador, the similarity of political institutions, the ideals of our nations to each other, oblige us to cultivate close relationships while endeavoring at the same time to settle amicably and well the problems which this contact may bring to us. You will, therefore, have the support of the Mexican nation."

CROOK SENTENTIAL DIVORCE.

Omaha, Neb.—George B. Crook, formerly grand sauced ruler of the Elks, has filed suit for absolute divorce from his wife, Mrs. Cora Lathrop Patterson. Crook is making sensational charges against the wife, who was formerly the wife of Miller L. Patterson, of Richmond, Va., the big tobacco manufacturer of that city. It is reported that when the divorce is granted Crook will remarry his first wife, whom he forced to secure a divorce from him several years ago in order that he might wed Mrs. Patterson. The first Mrs. Crook now resides in Los Angeles, Cal.
