How it Was Conducted.

All had been in readiness for hours.
The government clerks finished the task of placing the envelopes of the applicants in turelopes and of tying them in bundles ready to be placed in the wheels. The only detail that remained was the selection of the 10 persons who should perwithin the oblong receptacles. They were young boys of good families and were named at the last moment. They were all under age and persons who have not tegistered for claims.
